

Cremation
✓

The New England Cremation Society.

This society is incorporated for the purpose of providing the necessary appliances and facilities for carrying cremation into operation, and therewith cremating the bodies of the dead.

It has power to acquire the necessary land, works, buildings, etc., as well as to do all other acts, such as are essential to the carrying out of its objects.

The capital stock of the society is \$25,000, distributed into 2,500 shares, each of the par value of ten dollars.

The conditions upon which subscriptions will be received are that ten per centum of the par value of each share shall be paid at the time of subscribing, and that an agreement be entered into to pay the balance at such time or times as the same may be called for by the council of the society, it being understood that no such call or demand shall be made until the whole of the capital stock shall have been subscribed.

A subscription book is now open at No. 61 Court street, Boston (Room 6), where the names of subscribers will be received by the financial secretary.

It is hoped that intending subscribers will enter their names as soon as possible, so that the work of providing the necessary appliances for carrying into effect the objects of the society may not be delayed.

The council of the society consists of John Storer Cobb, president; Nathan Appleton, Emily J. F. Newhall, and Rev. Frederick Frothingham, vice-presidents; John Ritchie, treasurer; Sidney P. Brown, recording and financial secretary; Lois R. Frothingham, corresponding secretary; Carl Zerrahn, Frederick S. Cabot, Mary J. Safford, M. D., and Lyman S. Hapgood.

The post-office address of the society is P. O. Box 1207, Boston, Mass., where communications will be received by the secretaries, or any other member of the council.

This circular is issued by authority of the council, and signed on its behalf by

JOHN STORER COBB, and
JOHN RITCHIE.
